PROFESSIONAL SUMMARY

Strategic Partner to Executive Leadership with ~4 years of experience across the **Manufacturing Value Chain**, specializing in Corporate Strategy, Margin Optimization, and P&L accountability. Proven track record as a **Strategic Enabler** to CXOs, having managed \$1M+ Enterprise pipelines. McKinsey Forward certified in strategic behavioral frameworks and complex problem-solving. Expert at translating complex industrial and market data into actionable, board-level growth plans and digital transformation initiatives.

KEY GROWTH & STRATEGIC ACHIEVEMENTS

- Enterprise Strategy:** Generated a **\$1M+** qualified sales pipeline by leading strategic outreach and executive business reviews with CXOs in Enterprise accounts.
- Revenue Expansion:** Pioneered engagement that drove a **4x** revenue expansion in key accounts through strategic solution mapping.
- Financial Impact:** Led a **Data-backed Category Pricing** redesign that improved channel loyalty by 21% and increased product margins from 7% to 8.5%.
- Market Expansion:** Orchestrated the GTM strategy and launch expansion plan for new product lines across Indian and global markets.

WORK EXPERIENCE

Associate - Strategic Solutions | AntWalk (B2B SaaS Mobility) | Apr 2024 - Mar 2025

- Executive Advisory:** Acted as a strategic bridge for high-value firms, leading business solution reviews with leadership to align product capabilities with long-term corporate objectives.
- Workstream Leadership:** Directed a cross-functional team to execute strategic outreach, managing a high-complexity **\$1M+** pipeline through executive-level business reviews.
- Process Optimization:** Streamlined the **B2B engagement funnel** by collaborating with cross-functional teams to refine value propositions, reducing closure cycles and improving efficiency.
- Operational Excellence:** Recognized as **Top Performer (Q4 2024)** for outstanding execution in solution mapping and client engagement.

General Manager – Business Operations | Shantinath Enterprises (FMCD) | Jul 2018 - Feb 2021

- Financial Analysis:** Performed revenue projections and bank loan evaluations for capital expenditure (machinery) and operating revenue expansion projects.
- Operations Management:** Orchestrated the Manufacturing Value Chain, managing a team to ensure 100% production continuity in a regulated environment.
- Strategic Pricing:** Designed and implemented a **3-tier product portfolio** with differential Trade Pricing based on local market segmentation.
- Problem Solving:** Engineered a **demand-forecasting and inventory model** that optimized the distribution network, successfully reducing product stockouts by 20%.

SUMMER INTERNSHIP

Brand Marketing Intern, Plant-Based Frozen Foods | BVEG Foods | Apr 2023 – May 2023

- GTM Strategy:** Pioneered the Go-to-Market strategy and launch for a new product line, defining value-based positioning and channel-specific pricing.
- Market Intelligence:** Synthesized competitive analysis and consumer trends to inform a data-driven market and channel segmentation strategy.
- Stakeholder Management:** Managed production of comprehensive Brand Collaterals and Channel Onboarding Kits for retail and distribution networks.

PROJECTS

- Digital Strategy – Martech Outsourcing (Consulting)**
Provided expert consulting on digital engagement strategies, advising on market positioning and audience segmentation to optimize high-budget digital campaigns.
- Pricing Strategy – PepsiCo (Academic - Retail Strategy & Pricing Analysis)**
Designed SKU-specific pricing models and defined market entry strategies for new product lines, aligning with Brand Positioning and margin targets.
