
Founder's Office → Head of Strategy & Ops → SVP | Scaled a Consumer Brand from 0 to 200+ stores

Founder's right-hand operator enabling leverage, speed, and execution across the organization. 8+ years working closely with founders to drive company-wide priorities from \$4M+ fundraising and P&L turnaround (–37% to breakeven) to GTM and scaling 1K+ teams. IIT Delhi graduate, known for institutionalizing execution through operating cadences, incentive systems, and governance structures that align teams and deliver outcomes.

EDUCATION

Indian Institute of Technology Delhi (IIT Delhi) • B.Tech • 07/2013 - 05/2017

WORK EXPERIENCE

Burger Singh - Largest homegrown burger chain (198 store; 85 cities)**Senior Vice President (Revenue & Profitability) • 04/2024 - Present**

- Reallocated ₹1 Cr+ monthly marketing budget based on ROI signals → unlocked double-digit growth with improved CAC
- Built Meta-led acquisition engine reducing menu open cost by 20% vs aggregators, improving channel mix quality
- Built a hyperlocal growth engine by segmenting stores into multiple cohorts → drove 25% SSSG in mature markets
- Designed franchise-level revenue-cost playbooks → enabled early breakeven & ~90% store-level profitability
- Led flagship GTM campaign “Big Singh Feast” → 2 Cr+ reach, 15K+ registrations, largest single-day giveaway in category
- Engineered menu and offers to boost aggregator conversion rate (menu to order) from 15% to 20% in mature stores

Head Strategy & Operations • 04/2021 - 03/2024

- Served as a central execution node across demand and supply functions; aligned priorities and drove execution rigor
- Strategised omnichannel GTM, growing own-channel sales from 18% to 53% and cutting aggregator dependency
- Turned EBITDA from **-37% to breakeven** by redesigning pricing, cost structures, operational processes and unit economics
- Delivered 60%+ Cash-on-cash return on company-owned stores, outperforming 25% industry benchmark
- Deployed **AI-driven** speech analytics platform across 50+ stores—boosting CX consistency and revenue governance
- Deployed **AI-powered** JARVIS for real-time hygiene and SOP checks via CCTV—replacing infrequent manual audits
- Launched org-wide LMS for 1K+ employees → accelerated frontline productivity and training throughput
- Led strategic vendor negotiation with Coca-Cola → secured ₹1 Cr+ upfront value and achieved 35% input cost reduction
- Led 1K+ team across functions → drove execution across 500+ frontline operators at scale

Lead, Founder's Office (Chief of Staff-equivalent role) • 04/2019 - 03/2021

- Ran CEO office cadence; unblocked priorities, resolved cross-functional bottlenecks, ensured targets stayed on track
- Partnered with founder to lead **\$4M+ fundraise**; owned narrative, outreach, diligence, closure without bankers
- Built growth model and redesigned org-wide incentives and ESOPs aligned to KPIs; led rollout, governance, and adoption
- Designed org structures, hiring frameworks, and role definitions — scaling the team from 40 to 200+ employees
- Built a hyperlocal pricing structure through competitive benchmarking — delivering 2X improvement in profitability

Business Analyst • 06/2017 - 03/2019

- Built internal analytics team; standardized KPIs and drove org-wide data-driven culture through cross-functional sessions
- Created 100+ page cross-functional dashboards to enable data-driven decisions across supply chain, sales, and operations

VOLUNTEERING & LEADERSHIP - IIT DELHI

General Secretary, National Service Scheme, IIT Delhi • 04/2016 - 03/2017

- Led NSS IIT Delhi's 3-tier team of 31, enabling 1,000+ volunteers across 40+ projects & 30+ NGO partnerships.
