

Rohan Sane

Product Manager

+91 93720 84315 · squad_4@pg27.mesaschool.co · Bengaluru · [linkedin.com/in/rohansane-pm](https://www.linkedin.com/in/rohansane-pm)

Professional Summary

Product Manager with 3 years in B2B SaaS and marketplace products. Strong in discovery, analytics, and cross-functional execution. Worked on products for enterprise operations teams — understand how complex workflows translate into software requirements. Good at shipping and measuring. Have not worked in logistics directly but have built for operational users.

Work Experience

Product Manager

Shadowfax Technologies (Logistics & Delivery SaaS, 500+ employees), Bengaluru · Jan 2023 – Present

- PM for the client-facing order management and tracking module — 300+ brand and enterprise clients use the platform
- Redesigned the exception management dashboard based on 20+ discovery interviews with brand operations managers; reduced operations team's daily manual intervention by 28%
- Shipped a bulk order upload and validation feature that reduced client onboarding time from 3 weeks to 4 days
- Works within a 4-person PM team; owns this module with a PM Lead above; operates independently on day-to-day decisions
- Runs regular sessions with the client success team to surface operational complaints before they become escalations

Associate Product Manager

Shadowfax Technologies, Bengaluru · May 2021 – Dec 2022

- Supported PM on the delivery partner app — owned 4 features from PRD to release across 18 months
- Led a UX research initiative with 30 delivery partners across Mumbai and Bengaluru — findings drove a navigation redesign that reduced task completion time by 22%
- Built the team's A/B testing framework from scratch; ran 6 experiments in the first 8 months, 3 of which changed release decisions
