Professional Summary

Associate Product Manager with 1.5 years of product experience in consumer apps and edtech. Background in engineering and a passion for building products that solve everyday user problems. Looking to grow into a full PM role with more ownership and a more complex domain.

Work Experience

Associate Product Manager

Classplus (EdTech SaaS, Series D), Noida · Sep 2023 – Present

- Part of the growth PM team — supporting two PMs on the creator tools and content monetisation modules
- Ran A/B tests on 4 product flows; managed test setup and results analysis in coordination with the data team
- Wrote user stories and acceptance criteria for 6 features shipped in 12 months
- Managed stakeholder communication between PM and engineering for one sprint cycle during a team change
- Conducted user interviews with 15 content creators; documented findings in Notion and presented to PM

Software Developer Intern → Associate Developer

InfoEdge India Ltd. (Naukri.com), Noida · Jan 2022 – Aug 2023

- Backend development on the Naukri job recommendation engine — Python, PostgreSQL
- Fixed 40+ bugs in the job alert notification system; one fix resolved a latency issue affecting 2M+ daily emails
