PROFESSIONAL SUMMARY

Product Manager with a UX and design research background. 3 years in design roles followed by a transition into product management 18 months ago. Strong at user research, prototyping, and design systems thinking. Looking to build on design instincts to drive broader product outcomes.

WORK EXPERIENCE

Product Manager – Consumer Experience

Nykaa (D2C Beauty, E-commerce), Bengaluru · Jan 2024 – Present

- PM for the consumer wishlist, recommendations, and browsing experience — focus on conversion and retention
- Led redesign of the product discovery flow for beauty accessories; conversion rate improvement in A/B test: 11%
- Works within a 10-person PM organisation; owns one sub-area; significant cross-team dependency on other PMs for any end-to-end change
- Runs monthly UX research sessions — 8 consumer interviews per month — strong user empathy but limited exposure to operational complexity

Senior UX Designer

ThoughtWorks India Pvt. Ltd., Bengaluru · Jul 2020 – Dec 2023

- Led UX design on 5 client projects across health, retail, and banking verticals
 - Conducted 200+ user interviews and usability tests across projects; strong in qualitative research methods
 - Designed mobile and web experiences for a retail banking client's customer-facing app — worked closely with product managers and engineering teams throughout
 - Transitioned into product management within Nykaa after 3.5 years in design
