

Nalini Iyer

Senior Product Manager

+91 94492 38071 · squad_5@pg27.mesaschool.co · Chennai · [linkedin.com/in/naliniyer-logistics](https://www.linkedin.com/in/naliniyer-logistics)

Professional Summary

Product leader with 8 years of experience — began in freight forwarding operations, moved into product, and co-founded a logistics platform that was acquired in 2023. Understand what freight forwarders need from software because I worked as one for 3 years. Build fast, validate against real operations, kill what doesn't work. Currently seeking a senior individual contributor PM role.

Work Experience

Co-Founder & CPO

FreightMind Technologies Pvt. Ltd. (Acquired 2023), Chennai · Sep 2019 – Jul 2023

- Co-founded and led product for a freight management and document automation platform from pre-product to acquisition
- Built the first version of the product in 10 weeks based on direct interviews with 12 freight forwarders; had 3 paying clients within 4 months of founding
- Owned all product decisions — discovery, roadmap, build, measurement — across the full lifecycle from MVP to a 45-client paying customer base
- Killed a shipper-facing portal after 6 weeks in market: adoption was below threshold and the ICP was actually the freight forwarder ops team, not the shipper
- Led Series A fundraising process: product demos to 8 investors, term sheet from 2, closed ₹4.2Cr — product was the primary investment thesis
- Acquired by a logistics conglomerate in July 2023; led product transition and team handover over 5 months

Product Manager

KoineArrow Technologies (Logistics SaaS), Chennai · May 2017 – Aug 2019

- First PM hire at the company; built product practice from scratch alongside the engineering team
- Owned customs filing automation module — designed based on 8 weeks of embedded work at 3 CHA offices
- Shipped 6 features in 2 years; product grew from 12 to 35 clients under this iteration cycle

Documentation & Operations Executive

DSV Air & Sea (India) Pvt. Ltd., Chennai · Aug 2014 – Apr 2017

- Managed air and sea freight documentation for a portfolio of 20 importer and exporter accounts
- Coordinated with customs, shipping lines, airlines, and IATA-accredited cargo agents on complex multi-modal shipments
- Handled documentation for a large automobile parts exporter — managed the complexity of dual-country documentation for US and EU simultaneous consignments
