

Sourav Das

Senior Product Manager

+91 97303 21087 · squad_1@pg27.mesaschool.co · Bengaluru · [linkedin.com/in/souravdas-pm](https://www.linkedin.com/in/souravdas-pm)

PROFESSIONAL SUMMARY

Senior Product Manager with 6 years of experience in marketplace and supply chain products. Built for sellers, logistics providers, and warehouse operations teams at a major e-commerce platform. Good understanding of how supply chain data flows in a large platform environment. Looking to apply this in a dedicated logistics SaaS role with more direct customer exposure.

WORK EXPERIENCE

Senior Product Manager – Logistics & Fulfillment

Flipkart (E-commerce, 10,000+ employees), Bengaluru · Sep 2021 – Present

- Senior PM for the carrier performance and last-mile logistics operations platform — used by Flipkart's 800+ logistics partners across India
- Shipped a carrier SLA monitoring and penalty automation system that improved on-time delivery compliance by 9% across the network over 6 months
- Manages a squad of 4: 2 PMs, 1 data scientist, 1 business analyst; reports to Director of Product
- Strong in data-driven delivery and large stakeholder management; individual feature decisions require alignment across supply chain, legal, and engineering before proceeding
- Discovery happens through account managers and analytics, not direct fieldwork with logistics partners; have done 3 logistics partner site visits in 3 years

Product Manager – Supply Chain Visibility

Flipkart, Bengaluru · May 2019 – Aug 2021

- PM for the inbound supply chain and warehouse management features for large seller accounts (500+ SKU sellers)
 - Led a warehouse slotting optimization feature that reduced pick-and-pack time at 5 Flipkart fulfilment centres by 17%
 - Worked directly with warehouse operations teams during discovery; 3 site visits per feature cycle
-
