
Professional Summary

Product and brand management professional with 8 years of experience at Hindustan Unilever across product portfolios in the home care and food categories. Strong in annual brand planning, cross-functional alignment, and managing large product portfolios in structured FMCG environments. Looking to transition into SaaS product management.

Work Experience

Senior Brand Manager → Principal Brand Manager

Hindustan Unilever Ltd. (FMCG, 20,000+ employees), Mumbai · Jun 2019 – Present

- Leads the home care portfolio (Rin, Wheel) across North and West India — annual revenue of ₹2,100Cr managed across this portfolio
- Annual brand planning cycle: 12-month roadmaps approved at a global level, executed through distribution, trade marketing, and media plans
- Managed 3 major product reformulations and 5 pack size changes over 3 years; each requiring 6–12 months from concept to shelf
- Cross-functional alignment across R&D, supply chain, trade marketing, and finance — strong in large organisation coordination
- No direct B2B SaaS or technology product experience; transitioning into SaaS product management as the next step

Brand Manager

Hindustan Unilever Ltd., Mumbai · Jun 2017 – May 2019

- Managed Kissan ketchup and squash brands — annual planning, ATL/BTL campaigns, and product portfolio decisions
- Led a limited-edition flavour launch that achieved 108% of first-year volume target
- Coordinated with the R&D and supply chain teams on recipe and pack format changes

Management Trainee

Hindustan Unilever Ltd. · Jun 2015 – May 2017

- 2-year MT programme across sales, supply planning, and brand management rotations
- Covered rural distribution territory in West UP for 6 months during the sales rotation
