PROFESSIONAL SUMMARY

Senior Product Manager with 7 years of experience building consumer products at scale. Deep expertise in B2C growth, engagement, and retention mechanics — have shipped features used by 10M+ users. Strong in experiment-driven product development. Looking for a role with more operational complexity and a B2B user base.

WORK EXPERIENCE

Senior Product Manager – Consumer Growth

Swiggy (Food Delivery, 5000+ employees), Bengaluru · Aug 2021 – Present

- Senior PM for the loyalty and gamification product — Swiggy One subscription and engagement features
- Grew Swiggy One subscription base from 4M to 11M users over 2 years through pricing experiments, benefits redesign, and churn intervention features
- Runs 8–12 A/B experiments per quarter; built the team's experiment review process
- Works within a 25-person PM organisation; manages 2 junior PMs; all major feature decisions reviewed in monthly product forums
- Domain strength is consumer psychology and engagement mechanics — limited exposure to B2B users, operational workflows, or logistics domain

Product Manager

Dream11 (Fantasy Sports, 500+ employees), Mumbai · May 2018 – Jul 2021

- PM for the contest creation and payment flow products
- Shipped payment success rate improvement from 91% to 97.4% through gateway diversification and retry flow redesign
- Led a team of 2 during a major product restructuring; product grew from 10M to 80M+ users during this period

Associate Product Manager

Paytm (FinTech, 10,000+ employees), Noida · Jul 2016 – Apr 2018

- Supported PM on the merchant payments and QR code adoption features
- Led discovery for UPI onboarding improvements; managed A/B test coordination with the data science team

EDUCATION

B.Tech, Computer Science · Delhi Technological University · 2012–2016 · CGPA 8.7/10
