

Rajesh Kumar

Senior Product Manager

+91 97150 88234 · squad_5@pg27.mesaschool.co · Bengaluru · [linkedin.com/in/rajeshkumar-pm](https://www.linkedin.com/in/rajeshkumar-pm)

Professional Summary

Senior Product Manager with 9 years of experience in IT services and enterprise product management at large technology companies. Strong in delivery management, large team coordination, and enterprise client relationship management. MBA from NITIE. Looking to move from an IT services environment into a product-first company.

Work Experience

Senior Product Manager / Delivery Manager

Wipro Limited (IT Services, 250,000+ employees), Bengaluru · Jan 2020 – Present

- Senior PM/DM on the supply chain management platform for a Fortune 500 US retail client — team of 22 engineers across India and the US
- Manages quarterly product releases aligned to the client's annual planning calendar; release cycles are 3–4 months minimum
- Strong in stakeholder management, project governance, and cross-time-zone delivery coordination
- Product decisions are driven by the client's business requirements team — PM role is to translate and deliver, not to define or discover independently
- Has not made an independent product call without client sign-off in 5 years; decision accountability is shared across client, delivery, and engineering teams

Product Manager / Business Analyst

TCS (Tata Consultancy Services, 600,000+ employees), Bengaluru · Jul 2015 – Dec 2019

- PM/BA on Oracle OTM implementations for 3 logistics and manufacturing clients across 4.5 years
- Managed requirements documentation, solution design workshops, and UAT coordination for OTM freight management modules
- Strong at specification writing and client workshop facilitation; release timelines controlled by the enterprise implementation process
