Professional Summary

Senior Product Manager with 7 years of experience in financial services product management at HDFC Bank and a FinTech SaaS company. IIM Ahmedabad MBA. Strong in regulated product environments, compliance-driven roadmaps, and senior stakeholder management. Exploring opportunities outside financial services.

Work Experience

Senior Product Manager – Corporate Digital Banking

HDFC Bank (Private Sector Bank, 100,000+ employees), Mumbai · Sep 2020 – Present

- Senior PM for HDFC Bank's corporate payment and trade finance digital products — used by 800+ corporate clients
- Shipped 5 regulatory compliance features over 4 years aligned to RBI mandates; all features governed by bank-level change management processes
- Works within the bank's digital transformation office; roadmap approved annually by a product governance committee including the CISO, CMO, and CTO
- Decision cycles: 4–6 months from idea to approval, 6–12 months from approval to launch; no ability to ship and kill in short cycles
- Strong in the language of corporate treasurers, trade finance officers, and compliance teams — domain expertise in banking, not operations or logistics

Product Manager

FintechOS (Banking SaaS, Series B), Mumbai · Jul 2018 – Aug 2020

- PM for the loan origination and account opening automation platform for Indian bank clients
- Managed implementation-driven product customisations for 3 bank clients
- Shipped 6 India-specific compliance features for RBI, UIDAI, and CKYC integrations
- Feature decisions driven primarily by regulatory requirements and bank client specifications rather than user discovery
